

WHO WE ARE

The Drake Group is a (501)(c)(4) non-profit advocacy organization working to better educate policy makers and advance legislative initiatives that foster academic integrity and athlete wellbeing in intercollegiate athletics

At the heart of our purpose is disseminating fact-based research and recommendations that enable policy makers to advance legislation to make college sport a better place by ensuring that there is academic and ethical integrity in the conduct of college athletics programs.

We believe that the promise of college athletics is its continuing contribution to the development of participants and the excitement and community it brings to the higher education campus, alumni, and fans. We believe that this promise is only fulfilled if athletes who create this excitement are protected from educational and economic exploitation, discrimination on the basis of sex, race, and gender identification, and physical and mental abuse.
