CLERK, U.S. DISTRICT COURT
NORTH DISTRICT OF CALIFORNIA
OAKLAND OFFICE

The Honorable Claudia Wilken
United States District Court
Northern District of California

Re: College Athlete NIL Litigation, Case No. 4:20-cv-03919

-CW

Dear Judge Wilken,

I write to highlight the strong community opposition to including roster limits in the settlement. Over 1,700 individuals have signed an online petition against these limits, demonstrating the widespread concern among athletes and supporters. I have included a print-out of each individual's name, their location and their date of signing.

Roster limits would unfairly restrict opportunities, particularly in non-revenue sports, jeopardizing scholarships, team participation, and career aspirations. These constraints contradict the principles of fairness and access that collegiate athletics should uphold.

We hope you take this overwhelming community sentiment into consideration and ensure that the final settlement does not impose unnecessary restrictions on student-athletes.

Thank you for your time and commitment to fairness in college sports.

Sincerely,

-A large and concerned community.

*1/12/25 Update - Roster Limit Objections must be filed by Jan 31st! Act Now. Filing is easy!! Details on how to file in this [link](#).

*1/11/25 - Keaton Rice achieves hero status publicly filing objection to House vs. NCAA - <https://www.change.org/p/protect-ncaa-athletes-from-house-vs-ncaa-roster-limits/u/33158291>

****Eliminate Roster Limits! At a minimum, setup Phased Rollout & Grandfather Clause.****

Recent talks around the 'House vs. NCAA' case have sparked fears that approval would trigger drastic cuts to college athletics in a variety of sports. Such cuts could undermine the years of hard work currently invested by countless student-athletes currently on rosters. To protect these students and sustain the rich diversity in college sports, we urgently call for the implementation of a grandfather clause. This provision would shield current student-athletes from any potential roster cuts, ensuring their collegiate sporting careers remain untouched, irrespective of the decision on 'House vs. NCAA'.

According to NCAA data, there are nearly half a million college athletes making up the 19,500 teams who could be affected if this case were to pass without a grandfather clause build in (source: NCAA). Clearly, the stakes are

high, and the need for protection is urgent. We must advocate for these athletes who've dedicated their collegiate careers to the growth and prosperity of their chosen sports. We have an obligation to these student-athletes, who have invested years into their college careers, to stand up and protect their interests. They deserve the right to finish what they started.

For the sake of fairness, for the sake of sportsmanship, and for the sake of the hundreds of thousands of student-athletes who may be placed in an uncertain predicament, we must implement a grandfather clause in the NCAA. Please join us in shielding our student-athletes from drastic cuts and sign this petition today.
